

The image shows the Adobe Photoshop Lightroom CC landing page. The background features a night sky over a forest silhouette. At the top, there's a navigation bar with icons for back, forward, search, and a menu. The top right has links for 'Questions? Let's chat.', 'Purchase by phone: 800-585-0774', and a green 'Buy now' button. The Adobe logo is on the left, followed by the text 'Adobe Photoshop Lightroom CC'. A large headline says 'Enhance and perfect your photography anywhere.' Below it, a text block explains the software's capabilities: 'With Lightroom, your photography goes where you go. Organize, edit, and share your photos from anywhere — on your computer, on the web, on your iPad and on your iPhone or Android devices. It's all your photography. All in one place.' It also links to 'New to Lightroom? Get the basics'. Another 'Buy now' button is at the bottom of this section. The main body has a heading 'Your best shots. Made even better.' with two columns of text and four images illustrating features: 'Haze Removal', 'Mobile App', 'Web Edition', and 'Boundary Warp'. The bottom section is for signing up to the Creative Cloud Photography plan, featuring fields for name, email, password, and country, along with a 'SIGN UP' button and links for existing users. The footer contains sections for 'Creative Cloud Offers...', 'Creative Cloud Photography', 'Creative Cloud Complete', and 'We love students and teachers.', each with its own price, 'Buy now' button, and 'Learn more' link. The footer also includes a 'Questions? Let's chat.' link, a phone number '800-585-0774', and a copyright notice.

Your best shots. Made even better.

Your photos don't always match the scene the way you remember it. But with Lightroom, you have all the tools to you need to bring out the best in your photography. Punch up colors, make dull-looking shots vibrant, remove distracting objects and straighten

skewed shots. Plus, the latest release includes powerful new ways to adjust atmospheric haze, create incredible HDR images and panoramas, import and edit faster, and so much more.
